Windsor is one of the leading suppliers of spare parts, components and assemblies for automotive application, having a vast sales network in many markets in Africa and South America.

Windsor was founded in early 1996 with the desire to make available world class after market engine parts that are produced in India. our target, though difficult, was clearly defined. for any requirement from abroad our target was to achieve the quality, finish and packaging standard of the best brand available in that particular market. we tarn scripted the product through metallurgy, manufacturing process, treatment etc. to withstand the physical tests necessary for each item. we supplemented the product with finest detailing, such as bar coding. all this ! to give the product our name 'Windsor', yet at Deutz FL912 engines and spare parts, engine parts, Tractor & Tractor Spare Parts, We exporters with complete range affordable price of after-market. the results were gratifying. in a short span of time our products have been acknowledged as of the highest quality coming out of India and indeed not very short of the world's best brands. our efforts are to make a range between expensive original parts and cheap after-market parts.

As supplier of engine spare parts from India. Windsor is a respectable name in supplying community in India. we are leading manufacturer of light engineering goods that include auto parts and automobile spare parts. our range for tractor parts includes spares for engine spare parts, Massey Ferguson, engine spare parts. range for engine spares includes engine spare parts, Perkins , Lombardi and spares for engine spare parts. we are expert in development of new products specifically suited for overseas markets based on specifications - samples - drawings provided by our customers. we are perhaps the 1st and only co. in India to have developed over 500 items for a engine spare parts of German & Romanian make, just in a period of 4 years.
